CAUTION: Not for use by persons under 18 or pregnant or breastfeeding women. Do not exceed directed amount. Keep out of the reach of children.

Report serious adverse events: 208-338-8902

BOSWELLIA. THE FORGOTTEN SECRET OF THE ANCIENT WORLD.

Boswellia serrata, also known as frankincense is a plant primarily known for its use in religious ceremonies. Its characteristic scent is perceived as calming and stress-relieving.

For centuries, frankincense has been treasured in various cultures for its **therapeutic and spiritual properties**, largely due to the **bioactive compounds contained in its resin**. In traditional Ayurvedic medicine, frankincense is relied upon to promote relaxation and mental well-being.
